

**Southeastern U.S. Chapter Report
Forest Fire Lookout Association
2013
January 07, 2014**

Membership: 20

Carry forward: \$180.06

Accomplished in 2013:

- Chapter comprised of members in 7 states that do not yet have an FFLA Chapter. Many of these people do serve as the appointed FFLA State Representative until such time as a chapter is organized (needs at least 10 FFLA members).
- Attended the combined Eastern/Southern summer meeting in Beckley, WV in June, and the Western FFLA meeting in Mayhill, NM in September.
- Continued to work with the State Representatives of those states without a chapter to generate additional FFLA members. Focus is on FFLA activities that will attract media and public attention, with an interest in becoming an FFLA member.

Goals for 2014:

- Serve as support resource for the State Representatives.
- Continue the long range goal to retire the S.E. Chapter by getting an FFLA chapter organized in every state, or a combination of states
