

**Wyoming FFLA Chapter Reports
Big Horn and Medicine Bow Chapters
2014
January 13, 2015**

Membership: 12 (2 members lost, 0 members gained)

Balance Forward: \$336.03

Wyoming Chapters Summary:

This year in Wyoming Tongue River Ranger District and Historic Core teamed together for a restoration effort on Black Mountain Lookout. Plans are being forged to place this lookout on a rental program or possibly staff as an interpretive center in the near future. If enough FFLA members are interested in volunteering to staff Black Mountain LO as an interpretive center I will approach the Ranger District to offer our assistance. Other projects completed this year in Wyoming include Powder River Ranger District placing Sheep Mountain Lookout on the rental program. Also Historic Core, Medicine Bow Ranger District, and FFLA began restoration on Kennaday Lookout. More work is needed on this LO with future plans to place it on the rental program.

Goals for 2014:

Motivate members to become involved on upcoming projects. Recruit new members.
