

Yearly Report: South Dakota & Wyoming
Director Dixie Boyle

South Dakota:

I have submitted all the former and present lookouts to the National Lookout Register. Lookouts on State Wildlife Refuges still need to be documented and submitted. I sent historical articles on lookouts to South Dakota Magazine and local newspapers. Need to work more on contacting members and increasing membership.

Wyoming:

I have submitted the lookouts to the national lookout register along the South Dakota border, and am working on the rest throughout Wyoming. I have contacted several people in the state concerning the director position and may have found someone to assume the position. Let you know what happens.
