

DAVANA, LLC – GOING OUT OF BUSINESS SALE!

David Vana is retiring and selling his business and relocating so everything must go!

Some of what he has:

1 - 46 foot tall Aermotor MC-39 with 7x7 cabin, from New Hampshire. **\$26,000 fob**
Original windows. Great shape needs little work. Needs Bolt Kit. Stored on his property in Northern New York, Bloomingdale.

1 - 100 foot tall International Derrick Series 1937 with 7 x 7 Cabin, **\$48,000 fob**
Original Windows. Great original shape, 15-20 components need to be replaced and the entire tower kit really should have a new Hot Dip Zinc coating. Disassembled, stored in Binghamton, NY. Needs new Bolt Kit. Can supply all parts. Can load on your truck in NY or ship to you. We can have Hot Dipped. Call to discuss costs and process for a total installation project. Buyer Pays Freight Costs.

1 - Navy Alidade, All Brass, gimbed, with cover, works "as is" **\$250**
glass bezel, snap on cover bowl, 10-inch diameter

1 - Cast Aluminum Alidade, with offset sight, excellent condition **\$1,000**
Not an Osborne, no name 17-inch diameter

1 - New Roof Panel Set, needs to be fitted, drilled and hot dipped **\$300**

1 - Used Roof Panel Set for an MC-39 - panels only **\$800**

1 - MC-39 Cab section with legs, almost complete. **\$4500**
walls, roof, structural, stairs, windows. Nice yard tower project.

several original **Steel Window Frame Sets** **\$1500 each**

Aluminum **Alidade Table Rings**, Rolled from 1x2x1/8 angle **\$140 each**
25-inch diameter, make your top with 2 layers of 3/4 plywood

New cast bronze **Aermotor Co plaques** **\$150 each**

New that he had made in lost wax castings

Assortment of A325 hot dipped **Tower Bolts** and fasteners

Dave has miscellaneous pieces of steel. Legs of towers, cross braces, stair railing - you name it – it is in this section. Lots of Bolts, Nuts, Railing bolts, wire screening for landings and stairs - all hidden here... what do you need?

Dave says, "Some stuff I will ask a reasonable price some will be free, buy some get some free." He also offers, "I have 4 or so gallons of tower paint. Free. I use a 50/50 mix of rustoleum and then a High Zinc content paint."

Ask about anything else as he may just have it there somewhere.
